

# Masks

(Through the eyes of 4 learners)

1. "My mask is too big for my face,  
but let me wear it just in case".

2. "My mask is very cool,  
I can even wear it next to the pool".

3. "My mask keeps on moving around,  
Oh no, it just fell on the ground".

4. "My mask is hurting my ears,  
But with my mask I don't have any fears".
